

Date tehnice pentru produs: MGF3900A--

Modul extensie semnalizare valori critice, cu 2 ND

Fișe tehnice

Tip	accesorii
Output	
Technical data	Contact load: 5A 250V AC $\cos\phi$ 1 - 3A 250V AC $\cos\phi$ 0.4 - 5A 30V DC. 2 relays with change-over contact SPST-NO, potential free
Auxiliary voltage	
Consum de putere	\leq 5VA (combination of NA96 + module MGF3900A) \leq 1VA (module MGF3900A) \leq 6VA (combination of NA96 + 2 modules MGF3900A)
Isolation test voltage	2 kV R.M.S 50 Hz/1 min (combination of NA96 + module MGF3900A)
Test circuit	Measuring input, auxiliary voltage, output 1 - output 2
disipare (W)	1,00
Carcasă	
Conexiune	Screw connection wire (fixed) max. 4,5mm ² Screw connection wire (flexible) max. 2,5mm ²
Housing material	Polycarbonate, self-extinguishing

Schema electrica: Modul extensie semnalizare valori critice, cu 2 ND**Tabel articole**

Descriere	Cod comandă
Modul extensie semnalizare valori critice, cu 2 ND	MGF3900A
Accesorii necesare	
Analizor de rețea NA96, 96x96mm, aparat de bază	MGF39000
Analizor de rețea NA96+ 96x96mm	MGF39001
