

Date tehnice pentru produs: MGF3900B--

Modul comunicatie M-Bus

Fișe tehnice

Standard	EN 1434-3
Tip	accesorii
(input and auxiliary supply galvanically isolated)	
Transmission	asynchronous serial
Protocol	M-BUS
Number of bits / stop bit	8 / 1
Programmable parameters	
Address	0 ... 250
Bit rate	300 - 600 - 1.200 - 2.400 - 4.800 - 9.600 bit/s
Auxiliary voltage	
Consum de putere	≤ 5VA (combination of NA96 + module MGF3900B)
Isolation test voltage	2 kV R.M.S 50 Hz/1 min (combination of NA96 + module MGF3900B)
Test circuit	Measuring input, auxiliary voltage
disipare (W)	1,00
Carcasă	
Housing type	Plug-in housing with connection for NA96
Depth (incl. Modules) (mm)	81
Conexiune	Screw connection wire (fixed) max. 4,5mm ² Screw connection wire (flexible) max. 2,5mm ²
Housing material	Polycarbonate, self-extinguishing

Tabel articole

Descriere	Cod comandă
Modul comunicatie M-Bus	MGF3900B
Accesorii necesare	
Analizor de rețea NA96, 96x96mm, aparat de bază	MGF39000
Analizor de rețea NA96+ 96x96mm	MGF39001
